

The Boycott Israel List. Please distribute far and wide.

As a convenience for e-mails, print-outs/pass-outs, I alphabetized the Boycott labels/products/services.

If you know of others, let us all know, so we can add them to the list. [See list below.]

Also boycotting Israeli-related banking institutions, investment firms, mortgage lenders, credit cards can be very effective and influence choices in the U.S./Israel/United Kingdom/Europe/India/Mid-east/Asia/Australia/South America -- obviously everywhere.

If where you do your financial business is Israeli-related, withdraw your money and handle your financial business elsewhere. Find out who is the "parent" bank of whatever branch, investment or mortgage firm you are dealing with and choose accordingly [See list below.] or find alternatives or hide your money under your mattress or in a container in the ground. ;-)/cm

*Note: The Rockefellers may or may not be of Jewish origins. However, David Rockefeller in his memoirs stated:

David Rockefeller admits media collusion with his One-World plans: "We are grateful to the Washington Post, the New York Times, Time Magazine and other great publications whose directors have attended our meetings* and respected their promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the

world if we had been subjected to the light of publicity during those years. But now the world is more sophisticated and prepared to march towards a world government. The supra-national sovereignty of an intellectual elite and world bankers is surely preferable to the national auto-determination practiced in past centuries."

Rockefeller writes on page 405 of his memoirs: "Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as 'internationalists' and of conspiring with others around the world to build a more integrated global political and economic structure - one world, if you will. If that is the charge, I stand guilty, and I am proud of it."

*Private/Secret annual Bilderburg Group meetings since the 1940's. Richest and most powerful people in the world; selected guests and media people ... sworn to secrecy about what was discussed.
